

# Myths of Manufacturing

Sponsored By:

CAREERS  
DAY OUT

2019

**Win \$1,000 for your school &  
an iPad Mini for each student  
in the winning team**

Turnkey engineering  
solution provider

## Overview:

There are many myths around what Manufacturing is and we want you to explore them.

A team of 3 students from years 7 to 12 are invited to connect with a manufacturing business in the GV. Students are to find out about the business, how many they employ, what does their business do and what job roles are offered in the business. From this information create a 2-3 minute video which must include a logo from the business, the Careers Day Out logo and their school logo. Make sure you get creative.

Only one entry from each school/alternative education provider will be accepted.

The top entries will be invited to attend Careers Day Out Innovation and Activation Expo on Tuesday 30th April at the Multipurpose Pavilion Shepparton Showgrounds from 4.45pm. Presentations will be from 6.30pm.

Entry requirements:

**To register email [hello@careersdayout.com.au](mailto:hello@careersdayout.com.au)  
Registrations close Wednesday April 24th at 5pm.**

# Details for this challenge

## Rules:

Students from Years 7 – 12 will represent the school/alternative education provider.

Teams will consist of 3 students and a nominated team leader (Employee from the school). Teams do not have to be from the same year level.

We encourage you to run a competition in your school and judge your top video to be sent through as only one team can be entered per school/alternative education provider.

Students and nominated team leader to arrange contact with the Manufacturing business. A list of businesses who will support this challenge will be supplied if you are unable to find one yourself.

## Video:

Teams are encouraged to plan their videos and questions before attending the workplace to conduct the interview.

Video is to be no longer than 3 minutes of playing time but must be at least two minutes in length.

To avoid issues with file sizes please upload your video to a YouTube account and email the link to [hello@careersdayout.com.au](mailto:hello@careersdayout.com.au)

## Attendance at the Event:

Students, the nominated leader and the business representative will need to be present on the night of the presentations.

If you are a finalist you will be invited to attend Careers Day Out Innovation and Activation Expo on Tuesday 30th April at the Multipurpose Pavilion Shepparton Showgrounds from 4.45pm.

You will be marked off and provided with a meal voucher each to purchase food from one of our food options on the night.

Teams will be provided details of where the presentation area will be. Presentations will be made at approx. 6.30pm.

The finalist videos will be played and then the winner announced.

The prize will be presented by Maddison Wright Engineering.

\*Please note that photos of the winning team will be used for promotional purposes.

## Registrations:

Registrations close Wednesday April 24th at 5pm. To register a team you must email

[hello@careersdayout.com.au](mailto:hello@careersdayout.com.au) with the following details:

School or alternative education providers name

3 student names

Team leader name, email address and mobile number.

When your school has decided on the entry for this challenge, please upload your video to a YouTube account and email us with the link to [hello@careersdayout.com.au](mailto:hello@careersdayout.com.au).

The finalists will be notified on Friday April 26th via phone. All unsuccessful entries will also be sent an email.

\* We encourage schools and alternative education providers to promote this event through social media and school newsletters. Also make sure you like our Facebook page [@careersdayout](https://www.facebook.com/careersdayout).

**If you have any questions relating to the challenge please email [hello@careersdayout.com.au](mailto:hello@careersdayout.com.au).**

**Good luck and we hope to see you on the night.**
